Expected Number of Recipient Mares:

Intended Foal Registration:

☐ AQHA

☐ AQHA / APHA

☐ AQHA / Other:

☐ Undetermined

1. BREEDING FEES

The Mare Owner agrees to breed the above-described mare to Nothing But Blu under these terms: Stud Fee \$2,250; **Chute/Booking Fee \$650**; Total Breeding Fee \$2,900.

The \$650 chute/booking fee is nonrefundable and payable upon execution of this Agreement. The \$2,250 stud fee is payable in full before the first semen shipment. The chute/booking fee includes the first standard domestic FedEx overnight cooled semen shipment. Subsequent shipments and additional services are charged separately. Airline counter-to-counter, international, expedited delivery upgrades, and special handling expenses are additional.

EARLY BOOKING: Signed agreement and \$650 chute fee must be received Sept 1-Dec 31, 2026.

2. PAYMENT TERMS

All applicable fees must be paid in full before semen is released or shipped. Premier Breeding, LLC may refuse or delay shipments pending payment. Additional fees from multiple pregnancies through ET, ICSI, or other approved reproductive technologies become due upon veterinary confirmation of a fetal heartbeat. No additional breeder's certificates will be authorized until applicable fees are paid.

3. COOLED SEMEN COLLECTION AND ORDERING

Nothing But Blu is scheduled for collection Monday, Wednesday, and Friday during the breeding season, subject to availability. Cooled semen orders must be received by **5:00 p.m. Central Time on the day preceding collection**. Orders must be canceled by **8:00 a.m. Central Time on collection day**; later cancellations are subject to a \$100 fee. Premier Breeding, LLC does not guarantee availability on any particular collection day and determines shipment priority.

4. SHIPPED SEMEN

Premier Breeding, LLC will exercise reasonable care in collecting, evaluating, processing, and preparing semen for shipment. Conception depends on factors outside its control, including mare fertility, insemination timing, veterinary management, transportation, and semen handling after delivery. Premier Breeding, LLC is not responsible for third-party carrier delays, damage, or loss except as required by law. Semen is intended solely for the contracted mare or an approved substitute.

5. FROZEN SEMEN

Frozen semen is available upon request, subject to inventory. Frozen shipments require advance coordination and are subject to additional distribution, handling, cryogenic tank preparation/rental, outbound and return transportation, late return, and lost or damaged dry shipper charges, all borne by the Mare Owner. The included first standard cooled shipment does not apply to frozen semen. Frozen semen may not be transferred, sold, or used for additional pregnancies without prior written authorization and applicable payment.

6. STALLION AVAILABILITY

Availability is subject to Nothing But Blu's health, fertility, competition schedule, travel, and other circumstances affecting collection. When cooled semen is unavailable, frozen semen may be offered subject to inventory. If the stallion becomes permanently unavailable, existing frozen inventory may be offered to fulfill obligations. If neither cooled nor frozen semen is available and no breeding services have been provided, any paid stud fee shall be refunded; the nonrefundable chute/booking fee will be retained.

7. PREGNANCY REPORTING

The Mare Owner must have the mare examined by a licensed veterinarian and report the result to Premier Breeding, LLC within 35 days of insemination, whether pregnant or open. Failure to report within that period may result in a \$75 late reporting fee. Subsequent pregnancy losses or changes in pregnancy status must also be reported.

EARLY BOOKING TERMS: New 2027 breedings only. Discount cannot be combined with other offers without written approval. Bookings received after Dec 31, 2026 revert to standard pricing.

8. LIVE FOAL GUARANTEE

The breeding fee includes a Live Foal Guarantee. A live foal is a foal that stands and nurses unassisted for at least 24 hours after birth. If the mare fails to conceive, aborts, delivers a stillborn foal, or the foal dies before meeting that standard, the Mare Owner may apply for a rebreed in the immediately following breeding season. Pregnancy loss, abortion, stillbirth, or foal death must be reported within seven (7) days of occurrence. Veterinary documentation may be required. All rebreeds require prior written authorization.

9. REBREED AUTHORIZATION

All rebreed requests, regardless of original breeding season or stallion station, require verification and prior written authorization by Premier Breeding, LLC. The Mare Owner must provide the original breeding agreement and supporting veterinary records when requested. No rebreed is approved until written authorization is issued. Approved Live Foal Guarantee rebreeds require the current \$650 chute/booking fee, including the first standard domestic FedEx overnight cooled semen shipment, but no additional stud fee. Rebreed rights are valid for the immediately following breeding season unless otherwise approved in writing and are nontransferable without prior written approval.

10. EMBRYO TRANSFER, ICSI, AND ADVANCED REPRODUCTIVE TECHNOLOGIES

One breeding agreement, one stud fee, and one chute/booking fee entitle the Mare Owner to one resulting pregnancy and one breeder's certificate. ET, ICSI, OT, and other advanced reproductive technologies must be disclosed to and approved by Premier Breeding, LLC. Each additional pregnancy requires an additional \$2,500 stud fee and \$650 chute/booking fee, due upon veterinary confirmation of a fetal heartbeat. All pregnancies must be reported. Additional breeder's certificates require payment of all fees and satisfaction of registration requirements.

11. MARE SUBSTITUTION

Mare substitutions require prior written approval from Premier Breeding, LLC before the substitute mare is bred. Premier Breeding, LLC may approve or deny requests at its discretion. Any additional fees will be communicated at the time of approval.

12. TRANSFER OF BREEDING RIGHTS

This Agreement is nontransferable without prior written approval from Premier Breeding, LLC. Any transfer of breeding rights, including the sale or transfer of the contracted mare, must be disclosed to and approved by Premier Breeding, LLC. Approved transfers may require updated documents and additional administrative fees. Live Foal Guarantee and rebreed rights do not automatically transfer.

13. MARE HEALTH AND VETERINARY RESPONSIBILITIES

The Mare Owner is responsible for the mare's reproductive health and all veterinary examinations, reproductive management, insemination, pregnancy diagnosis, and foaling care. Premier Breeding, LLC may decline semen services when mare health or reproductive suitability warrants. This Agreement covers shipped semen only; Premier Breeding, LLC does not offer routine on-site mare breeding services.

14. REGISTRATION AND BREEDER'S CERTIFICATES

The Mare Owner must provide the mare's registration certificate and report the foal's birth date, sex, and general health. One paid agreement entitles the Mare Owner to one resulting pregnancy and one breeder's certificate. Additional pregnancies require payment of applicable additional fees. Certificates and registration documents will be authorized upon fulfillment of contractual obligations, subject to AQHA rules and applicable law.

15. CREDIT CARD AUTHORIZATION

The Mare Owner agrees to maintain valid payment authorization through Premier Breeding, LLC's designated secure payment system and authorizes charges for applicable fees, requested shipments, approved additional services, frozen semen distribution expenses, and cancellation fees. Receipts or invoices will be provided. No semen will be released or shipped until applicable fees are paid. Do not write card numbers or security codes on this Agreement.

16. LIABILITY AND INDEMNIFICATION

Premier Breeding, LLC will exercise reasonable care in providing breeding services. The Mare Owner acknowledges inherent risks of equine breeding, semen transportation, veterinary procedures, and reproductive management. To the extent permitted by law, Premier Breeding, LLC and the Stallion Owner are not liable for losses from third-party transportation delays, improper semen handling after delivery, mare infertility, or veterinary procedures outside their control.

The Mare Owner agrees to indemnify Premier Breeding, LLC, its employees or representatives, and the Stallion Owner against claims arising from the Mare Owner's or the Mare Owner's agents' negligent acts or omissions, except to the extent caused by the negligence or wrongful conduct of Premier Breeding, LLC or the Stallion Owner.

17. GOVERNING LAW AND VENUE

This Agreement is governed by Texas law. Any legal action arising from this Agreement shall be brought in a court of competent jurisdiction in Cooke County, Texas, to the extent permitted by law.

18. TEXAS EQUINE ACTIVITY LIABILITY NOTICE

UNDER TEXAS LAW (CHAPTER 87, CIVIL PRACTICE AND REMEDIES CODE), AN EQUINE PROFESSIONAL IS NOT LIABLE FOR AN INJURY TO OR THE DEATH OF A PARTICIPANT IN EQUINE ACTIVITIES RESULTING FROM THE INHERENT RISKS OF EQUINE ACTIVITIES.

Mare Owner Initials:

19. ENTIRE AGREEMENT AND ELECTRONIC SIGNATURES

This Agreement constitutes the entire agreement between the parties concerning the contracted breeding. Modifications require written approval by Premier Breeding, LLC. Electronic signatures and electronically delivered copies have the same effect as originals to the extent permitted by law.

SEMEN ORDERING & SHIPPING INSTRUCTIONS

TO ORDER SEMEN, PLEASE CALL PREMIER BREEDING AT (940) 600-9137

Cooled semen requests must be received by 5:00 p.m. Central Time on the day preceding a scheduled collection. Once accepted, an order is considered confirmed unless canceled by 8:00 a.m. Central Time on collection day. Late cancellations incur a \$100 fee.

In the event of limited semen availability, shipment requests will be fulfilled on a first-ordered, first-served basis, subject to collection yield, stallion availability, and previously confirmed commitments. Premier Breeding, LLC reserves the right to adjust shipment schedules when necessary.

Please expect ONE STANDARD BREEDING DOSE per shipment unless otherwise authorized.

The 2027 breeding season runs February 1 through July 16. Scheduled collections are Monday, Wednesday, and Friday, subject to stallion availability.

On national holidays or dates when standard overnight delivery is unavailable, shipments may require alternate arrangements, including airport pickup or airline counter-to-counter service. Additional shipping and handling charges may apply.
